Death of Dr. George Mc Clellan. We regre to announce the death of Dr. George McClellan, a distinguished Surgeon and Physician of Philadelphia. Dr. McClellan was in good health on Saturday noon, but in the course of the afternoon, he was seized with a bilious cholic! with such violence, that no application seemed to have any favorable effect, and about midnight he died.

A Retrospect. Three hundred and five years ago, on the 10th May, 1502, Columbus sailed from Cadiz on his fourth voyage. In 1815, Dr. David Ramsey, the historian, a native Pennsylvanian, was killed by an insane man in Charleston, S. C., and in 1816 on the same day the American Bible Society was organized. It was also the anniversary of the battle of Resaca de la Palma, a vay that will never be forgotten, for it is the birth day of the second Washington of America.

'Then,' said Stuart, 'it was not like me.'

An Irishman, just arrived in this land of plenty, being in want, ventured to solicit a little aid from a person whose external appear ance seemed to indicate that he could easily afford it. He was, however, rudely repulsed with a 'Go to hell.' Pat looked at him in such a way as to fix his attention, and meekly replied, 'God bless your honor for your civility, for you're the first gintleman's invited me to his father's house since I come to the land!'

'Mother, don't you wish you had the tree of evil in your garding?'

'Why, Josh, you sarpent, what do you mean?

MURDER IN DORCHESTER .- We learn from the Cambridge (Md.) Chronicle that a negro man named Denwood Camper, committed an atrocious mnrder on Tuesday last, near New Market, upon the person of another negro, belonging to James Thompson, Esq .- The murderer despatched his victim with a grubbing hoe, and afterwards cut off his head. The quarrel originated about parched corn! He was arrested and made a full confession.

THE VIALS OF WRATH .- The Abolition papers of Ohio have already begun to uncork the Vials of Wrath and to pour their contents upon Gen. Taylor's head, The Clarion of Freedom published at Jackson, Ohio thus begins. It calls the old Hero a "negro robber," "a devil," and says that "he was born to the meanness of unrequited wealth," that "he began to serve the devil in his early youth," that "he made his first effort at butchery when a beardless youth." that "he is the chief butcher of Mr. Polk," that "he has the confidence of Hell," that "he is the blood hound hero," &c., &c.

We commend these phrases to the especial attention of Mr. Ritchie who is preparing to Extra fine do follow in the steps of this abolition paper.

FROM THE SANDWICH ISLANDS. We have received a file of the Polynesian, says the N. Y. Commercial Advertiser, extending from 10th of October to the 26th of December, 1846.

Three columns of the latest Polynesian are occupied by a review or examination of the purposes enertained, or believed to be entertained by the governnents of France, Great Britain and the U. States, with regard to the independence and sovereignty of the Sandwich Islands government, placed in contras with the pretensions of certain "foreign officials"meaning, it appears, all the foreign consuls except the officials of the latter country, the Polynesian expressly says that ever since the arrival of Mr. Ten Eyck and Mr. Turrill every thing has gone on harnoniously; the laws and authorities of the islands have been respected; and there has been no new case of complaint on the part of citizens of the U.

Similar effects, it says, have resulted from the management of the French consul.

The Polynesian gives copious extracts from Chaplain Colton's Californian, but the dates are not so late as we have had here. It also copies a number 7 The New York late tory Council abso- of paragraphs from the Mormon paper at Yerba littly voted money to buy the portrait of Silas Buena, but they are ancient. The result of this explosion will be to throw them into different parts of California. In this dissevered state they will undoubtedly do more good than a distinct community. THE OLDEST TEA ESTABLISHMENT IN AMERICA!

PRINCIPAL ESTABLISHMENT IN NEW YORK.

THE CANTON TEA COMPANY has been popularly known for many years. This is the largest and oldest Tea Establisment in America.— The public have had full proof of their integrity and sponsibility. But such has been the great and ressing demand for their TEAS of late, that they have been obliged to enlarge, to a great extent, then two principal establishments in New York, viz:

125 CHATHAM AND 163 GREENWICH STREETS.

They moreover possess facilities, in relation to the Tea Trade, in a very abundant degree, and doubt-less, superior to any other Tea Concern in America. Their scrupulous regard to all principles that tend to elevate the character of a large house, is well understood, and has already secured them a connection, probably, larger than all other Tea Establish ments united, and they consequently are determined to sell Teas purer, more fragrant, and perfect for the prices, in the aggregate, than any house in the

world—China excepted.

They most zealously invite the attention of the inhabitants of WASHINGTON, D. C., to thei Agency, where the following assortments are always on hand; and they feel no hesitation in stating that wherever a single trial is made, a very decided preerence is given to the celebrated Teas of the CAN-TON TEA COMPANY.

It is very seldom that I have ever recommended any new invention, because I know that re dations are so frequent and easily obtained, that they are in general of little value.
